Village Creation – Validations

Village Details:

- All the village details are mapped to PIN Code. PIN code will fetch all the details of village
- Branches under field Branch will be available as per employee designation, i.e. Branch Manager can see only his branch
- All field marked * is mandatory
- Status has 3 options of Active, Negative and Closed, where
 - Active: If village is active, new centers can be created
 - Negative: If the village is marked negative then new centres cannot be added to that village
 - Pending: If a village is marked pending, no new centres will be allowed to be created. This means that the village can be put in active stage later on
